### SOROTO Forced Action Paddle Mixers

The new 40 litre forced action mixer is ideal for resins, pu, adhesives, repair mortars etc. It offers thorough mixes at a faster rate than traditional mixers. A typical mix is ready in 3-5 mins giving a potential for up to 800 litres / hour. Bottom discharge into a bucket or extend the legs and empty into a barrow.

The four arm/paddle mixing head can be quickly removed, without the need for tools, to enable easy cleaning. The heavy duty mixing paddles offer extended life. No more buying and transporting steel drums and flimsy mixing arms. Easily loaded by one man.

**Full range available from 40L-300L**

**Intro Price £949 incl. (One Only!!)**

segments £59

**Transformers**  
3 kVA £55  
5 kVA £150

## Popular Consumables - priced to save you money!

### Soroto - Mixer Paddles

New conical design delivers 15-20% increased efficiency. The conical design follows the angled sides of the mixing tub or bucket allowing the mixer drill and paddle to remain upright yet still able to scrape the sides clean for a more thorough mix.

The unique top ring prevents the paddle from digging in and wearing away the mixing tub.

GA 120 mixer paddle, M14 thread **£17.91**  
GA 140 mixer paddle, M14 thread **£20.13**  
SA 120 mixer paddle, M14 thread **£24.73**

### Screed Sledge

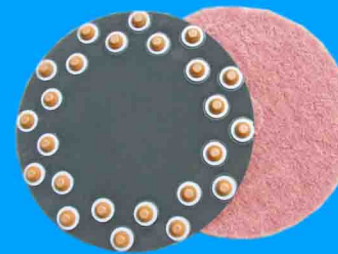

Available in both 24" and 30" widths

For efficient laying of resin mortars. The screed sledge will help you to lay consistent floors with greatly reduced physical effort.

All steel fabrication for durability and stability

Normally available from stock for next day delivery.

24" (600mm) Screed sledge **£216**  
30" (760mm) Screed sledge **£229**

### Diamond impregnated cleaning pads

400 - 3000 grit, plus buffing head. Ø430mm  
**From £30 / pad**

### Grinding and polishing pads, Ø430mm

For concrete, stone and terrazzo. Complete range of grit sizes to deliver the finish required. Polishing made easy!

**From £58 / pad**

### Renovation discs polishing concrete / terrazzo

Ideal for use with a wide range of machines from lightweight single head through to heavy multi-head systems.

Designed for dry use on machine connected to a vacuum. Semi rigid discs

Grits available range from 40G for initial cut through to 3000G for a very high shine.

**From £26 / disc**
